

Show Up! Performance

The ENACT program delivers a customized curriculum focused on teaching social & emotional skill-building and restorative approaches resulting in behavior change and personal transformation.

Customized Curriculum

Each partnership begins with an assessment to identify key issues facing students, teachers and the school community. Curriculum is customized using a drama therapy approach to align with students' needs, and school values and priorities.

Student Workshops

At the core of our work is the ENACT classroom workshop, a safe and creative space in which students engage in specialized role play and interactive theater techniques to navigate life issues that prevent them from reaching their full potential. Interactive workshops are aimed at self-reflection, responsible team building, examining relationships and conscious decision-making.

ENACT Residencies

Customized residencies range from one week to thirty weeks and can include all or any combination of the ENACT Program Services, priced accordingly.

ENACT Programming Services

- Student Workshops (In-school and After-school)
- Trauma-Informed Therapy/Counseling (individual or small group)
- Boys Groups and Girls Groups
- Culminating Events (15 weeks or more)
- Parent and Family Workshops
- Professional Development Workshops
- Original Performances (based on student-focused issues)
- Training Institutes
- Keynote Addresses

Year-Long Partnerships

In addition to the ENACT Program Services, ENACT staffs offices at the school with full-time Site Directors and social workers/drama therapists who manage student caseloads and liaise with teachers, parents and guardians. Site Directors serve on school leadership teams and behavior and attendance committees.

Show UP!

Each year, select students co-create performance pieces around the issues they are addressing in their ENACT workshops through a culminating performance.
